

CARECREDIT

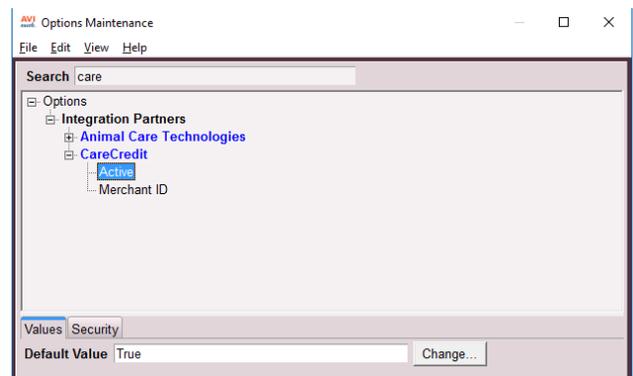

CARECREDIT

The integration of CareCredit into AVImark means veterinary businesses can process applications faster and easier. From the CID speed bar, the business selects the CareCredit button and instantly has access to the CareCredit Home Page. This page provides options to submit an application, submit a transaction, process a credit, and locate an account or reprint a receipt. With a simple click of the mouse, the client's information is automatically uploaded into the CareCredit application. A credit decision is provided almost instantly allowing the pet owner and business to immediately proceed with the best treatment program for the pet.

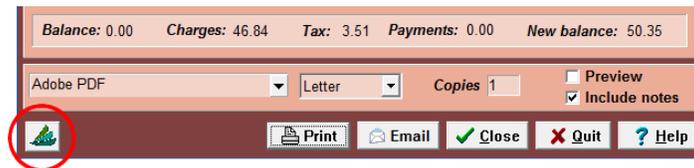

Activate CareCredit

For this interface to work properly in AVImark 18.11.0 or higher, the integration with CareCredit needs to be enabled and the clinic's merchant ID entered.

1. Click on  to open **Options Maintenance (Advanced Options)**.
2. Search for **CareCredit**.
3. Expand CareCredit and click on **Active**.
4. Click **Change** and select **True**.
5. Click **OK**.
6. Select **Merchant ID** and click **Change**.
7. Enter the clinic's merchant ID for CareCredit then click **OK**.
8. Close out of Advanced Options.

Pressing the  button from the CID speed bar takes the active client's information and adds it to their online CareCredit application. The CareCredit button is also available from the Invoice screen.

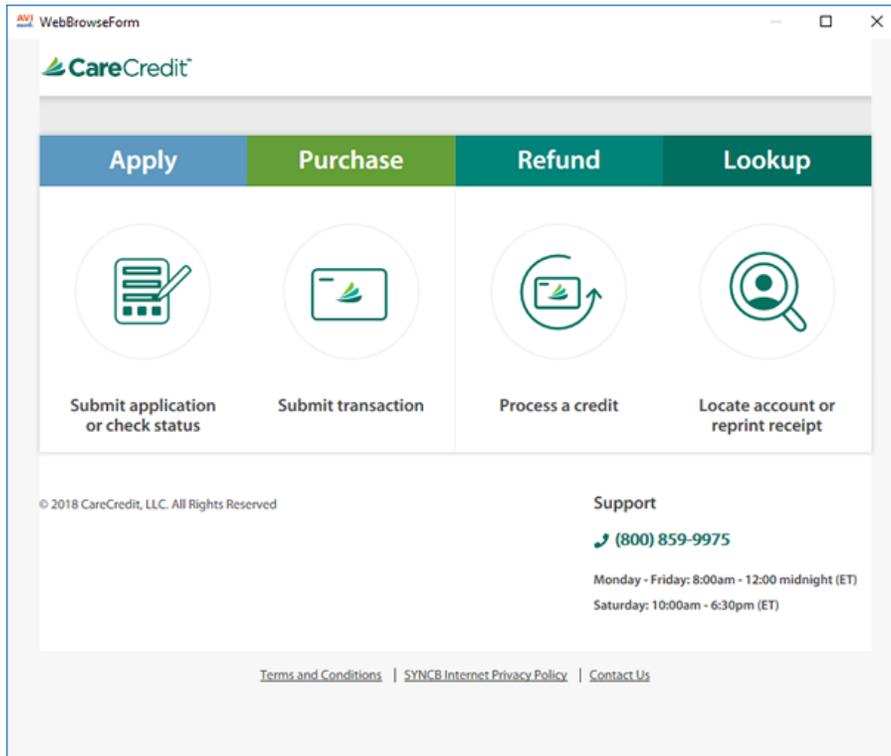

Secure the CareCredit Feature

To control who can access the CareCredit website, CareCredit has been added to Users and Security.

1. From the menu, go to **Work with | Users and Security**.
2. Select the **Category**.
3. Under Authorized Functions, **right-click | Choose**.
4. In User Functions, select the CareCredit category.
5. On Access CareCredit, **right-click | Select**.
6. Click **Done**.
